8 YEARS IN SERVICE

ABOUT ALYAMITECH SIGNAGE SOLUTIONS

Alyamitech is a leading provider of signage solutions in Saudi Arabia, offering a wide range of services including MEP signs, road and safety signs, outdoor billboards, indoor signages, and digital displays. Our expertise extends to traffic and hotel signages, ensuring comprehensive solutions tailored to enhance visibility and communication in diverse environments.

In addition to these services, we specialize in MEP signs and tags, providing high-quality, customized options that meet specific client needs. Our commitment to excellence ensures that each signage solution not only meets but exceeds industry standards, enhancing brand identity and operational efficiency.

SIGNAGE SERVICES

At Alyamitech, our services encompass a broad spectrum of signage solutions designed to meet diverse client needs across various industries. We specialize in creating impactful road signages, outdoor billboards that capture attention and convey messages effectively. Our indoor signage solutions enhance interior spaces with customized designs that reflect brand identity and improve navigation.

We excel in digital displays, offering dynamic content solutions that engage audiences and provide real-time updates. Our expertise in traffic and safety signs ensures compliance and safety in public and private spaces.

We also offer customized signage services, providing tailored solutions that reflect your brand's unique identity and effectively communicate your message.

TABLE OF CONTENT
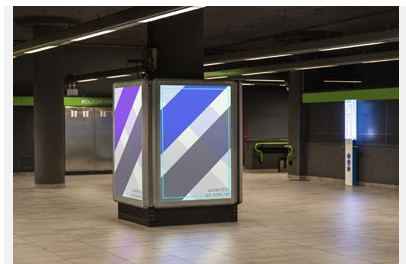

PIPE MARKINGS & LABELS
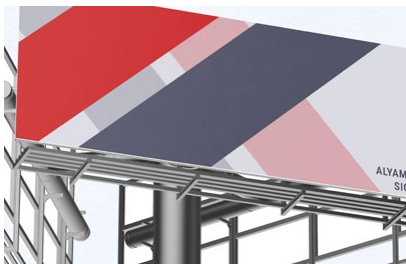

Pipe and duct marking labels feature color-coded pipe markers, valve tags, duct labels, and safety signs. These critical identification tools improve safety, facilitate maintenance, and boost operational efficiency by clearly displaying contents, flow direction, and system information.

DUCT IDENTIFICATION & MARKINGS

ELECTRICAL IDENTIFICATION SIGNS

Electrical identification signs and warning signs include panel labels, circuit markers, voltage warnings, and hazard signs. These vital safety tools enhance workplace safety, prevent accidents, and ensure compliance by clearly communicating electrical hazards and system information.

SAFETY SIGNS

Safety, fire, and emergency signs include exit signs, fire extinguisher labels, emergency evacuation maps, and hazard warnings. These critical safety tools enhance preparedness, prevent accidents, and ensure compliance by clearly indicating escape routes, equipment locations, and potential warnings.
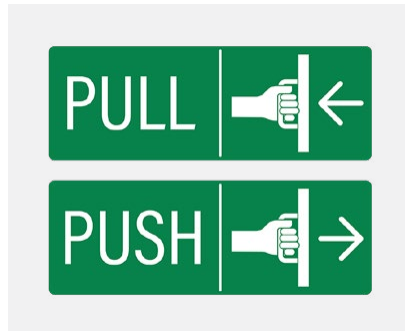

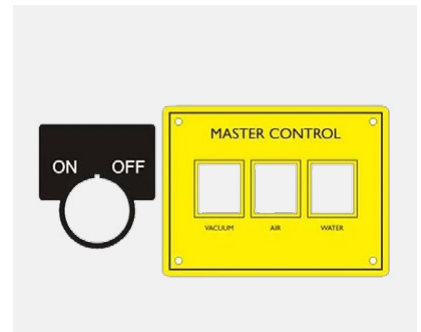

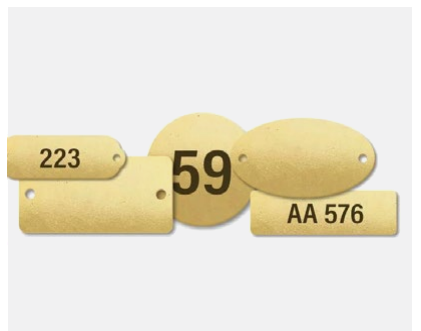

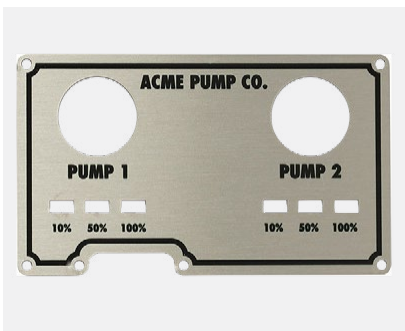

FIRE & EMERGENCY SIGNS

ENGRAVINGS & ETCHED TAGS

Engraved and etched tags include plastic tags, aluminum tags, and stainless steel tags. These versatile identification tools enhance organization, ensure durability, and provide clear labeling by displaying essential information such as asset numbers, equipment details, and safety instructions.

ALUMINUM & STAINLESS STEEL TAGS

TRAFFIC SIGNS

Traffic and safety signs include regulatory signs, warning signs, guide signs, and construction signs. Also included are traffic control devices like traffic control cones, bollards, barriers, warning lights. These essential tools ensure road safety and efficient traffic flow by providing clear, standardized information and instructions to drivers and pedestrians in various environments.

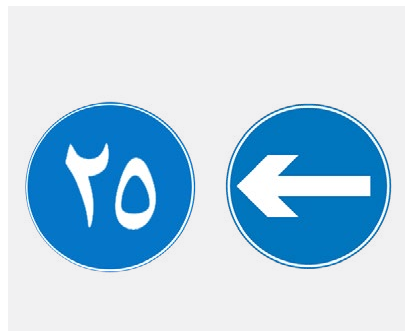

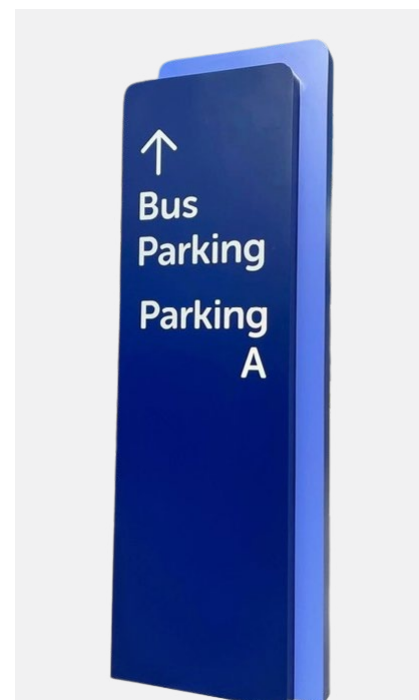

TRAFFIC CONTROL DEVICES

LED ROAD SIGNAGES

LED road signages feature high-intensity displays, programmable messages, and energy-efficient technology. These robust, weather-resistant solutions improve traffic management, enhance road safety, and provide real--time information to drivers.

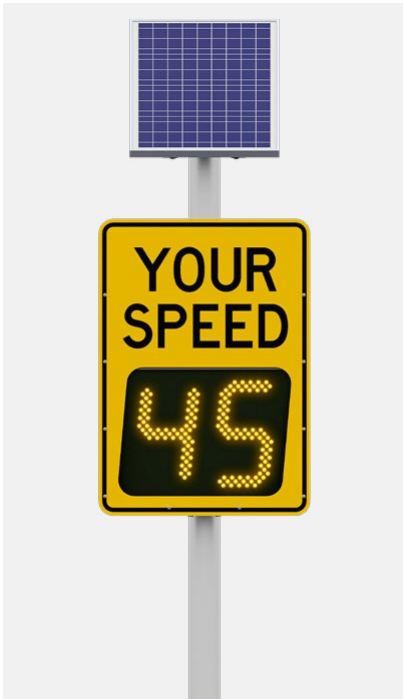

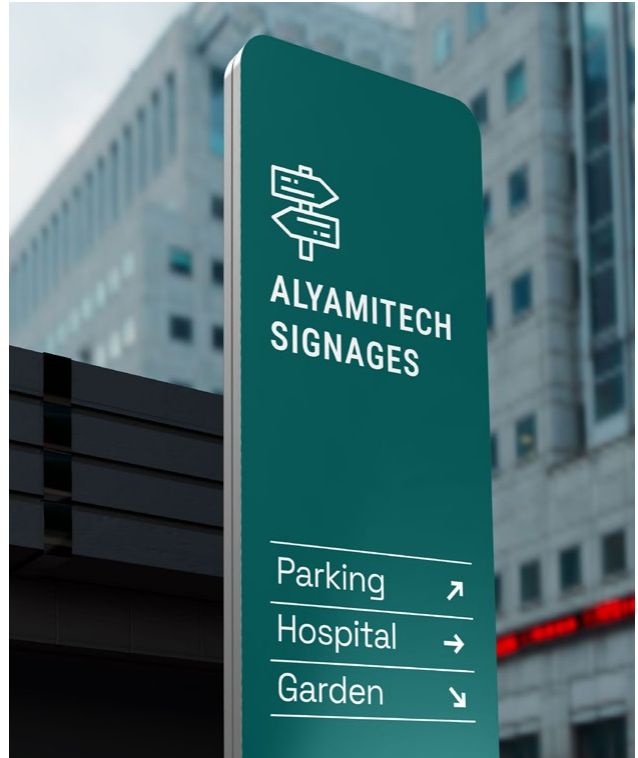

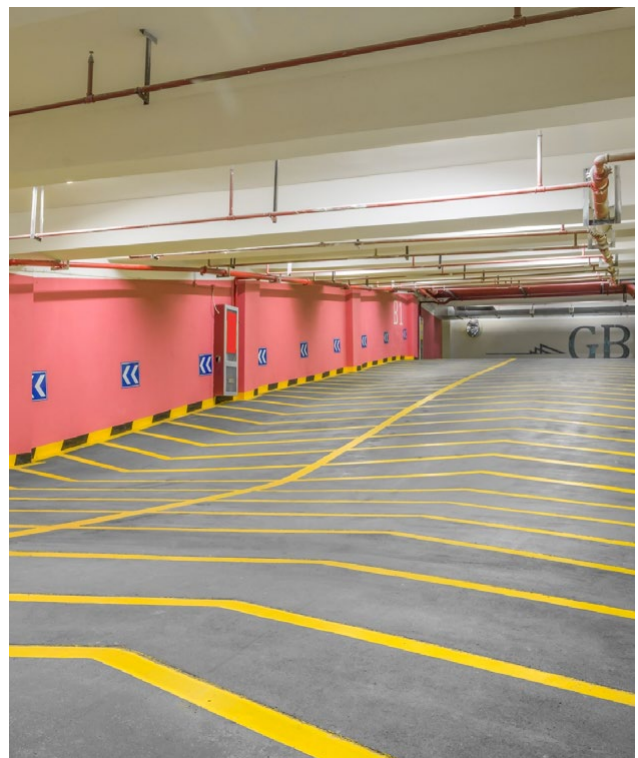

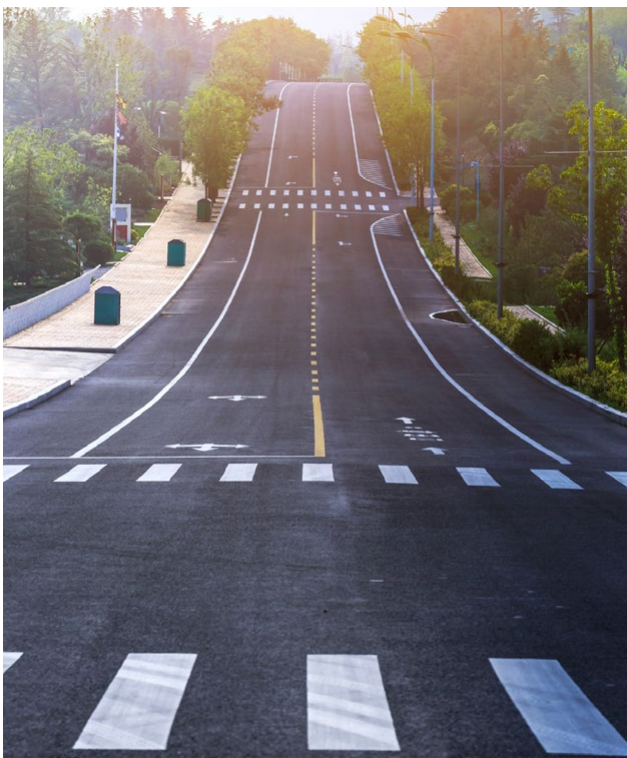

PARKING SIGNS

DIRECTION & WAYFINDER SIGNS

Direction and wayfinder signs incorporate clear graphics, intuitive layouts, and durable materials. These essential navigational tools enhance user experience, streamline traffic flow, and assist visitors in efficiently reaching their destinations.

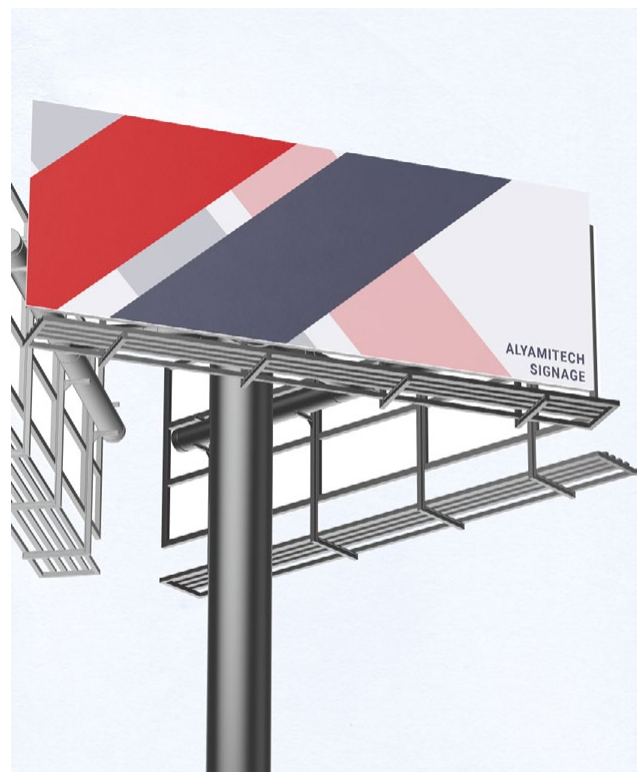

## ROAD MARKINGS

BILLBOARDS AND UNIPOLES

Outdoor signages encompass digital displays, vinyl banners, channel letters, wayfinding signs, and pylon signs. These durable, high-visibility solutions enhance brand presence, guide visitors, and promote products effectively, leveraging advanced materials and technology for impactful outdoor advertising.

LAMP POSTS AND BANNERS

Lamp post and banner signs include pole-mounted banners and streetlight displays. These versatile advertising tools increase visibility and promote events or brands, utilizing durable materials for outdoor environments.

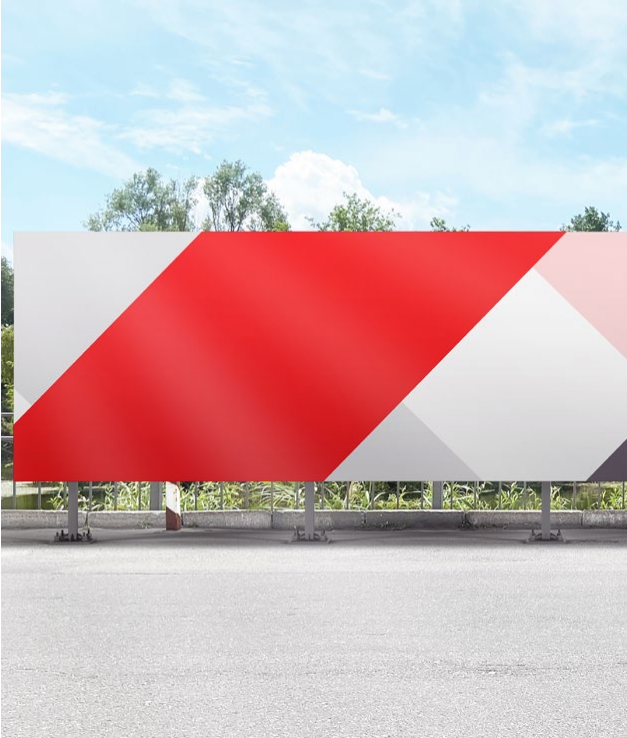

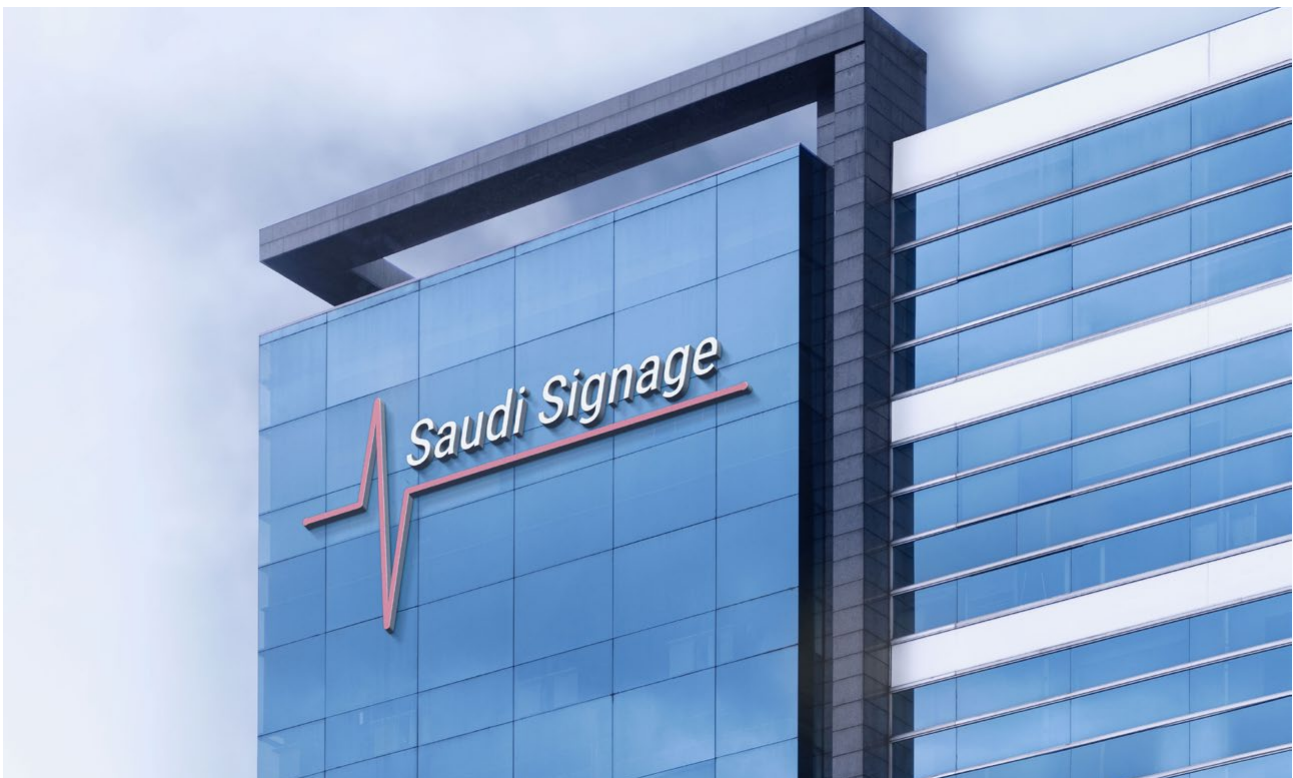

FENCE BANNERS

BUILDING SIGNS

Building signs and channel letter signs encompass illuminated letters, dimensional logos, and facade-mounted displays. These high-impact solutions enhance brand visibility and architectural aesthetics, offering durable and eye-catching identification for businesses.

CHANNEL LETTER SIGNAGES

ENTRANCE SIGNAGE

Entrance signs include monument signs, gateway signs, and welcome signs. These prominent structures enhance visibility and brand recognition, providing a strong first impression and guiding visitors effectively to their destinations.

PYLON SIGNS AND WAYFINDER SIGNS
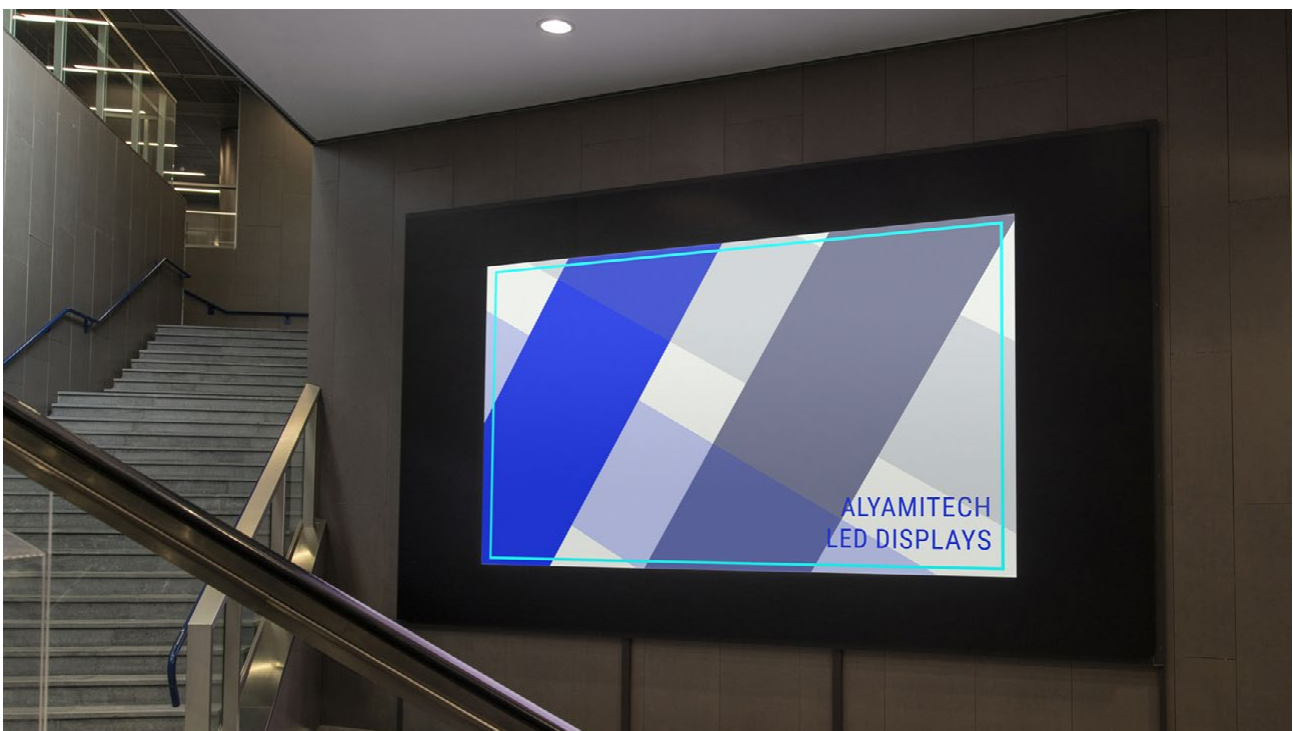

DIGITAL DISPLAYS

LED BILLBOARDS

Digital displays include LED screens, LCD panels, and digital kiosks. These dynamic, high-resolution solutions deliver vibrant visuals and real-time content updates, enhancing audience engagement and communication efficiency in various environments, from retail spaces to corporate settings and public venues.

VIDEO WALLS

Video walls consist of multiple screens seamlessly integrated to form a large, cohesive display. These high-resolution installations deliver impactful visual experiences, ideal for advertising, presentations, and immersive environments in various settings.
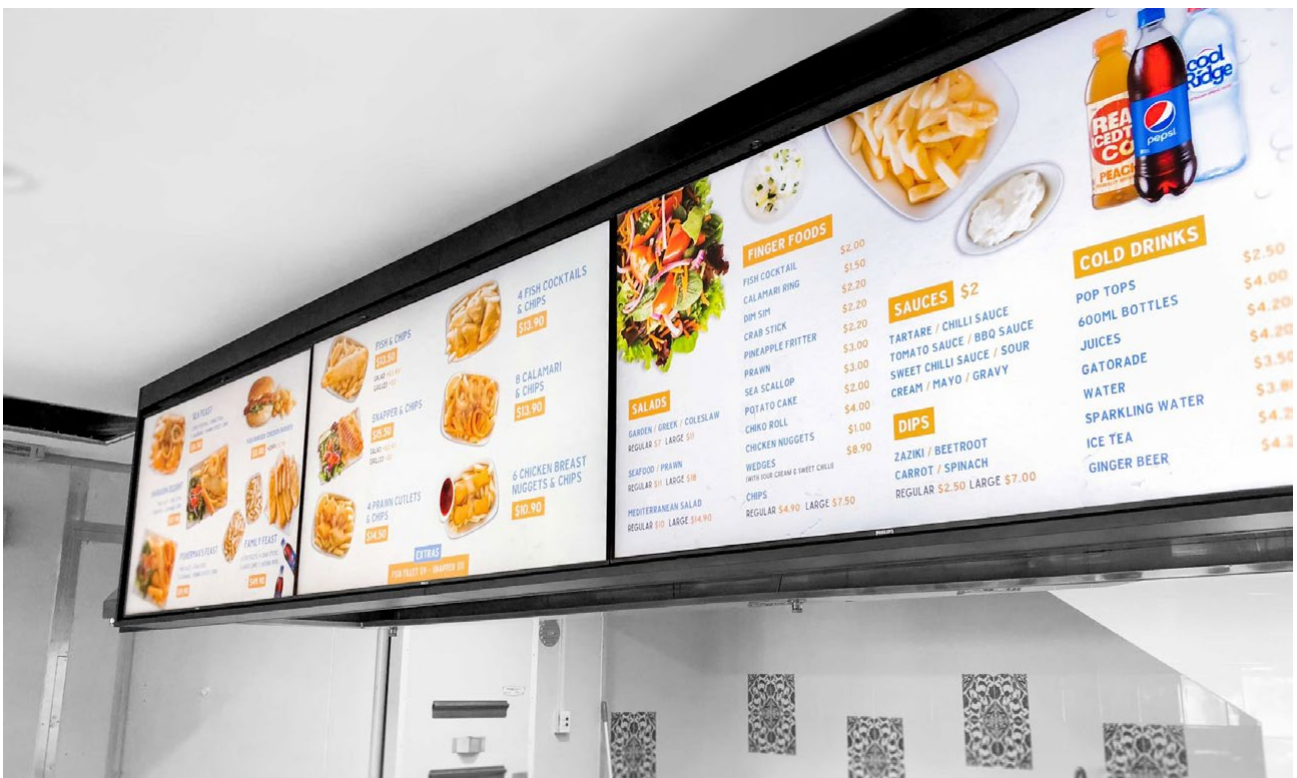

DYNAMIC CONTENT SIGNAGE

Dynamic content signage and restaurant menu boards include digital displays that showcase real-time updates and engaging visuals. These solutions enhance customer interaction and streamline information delivery, offering flexibility and efficiency in content management.
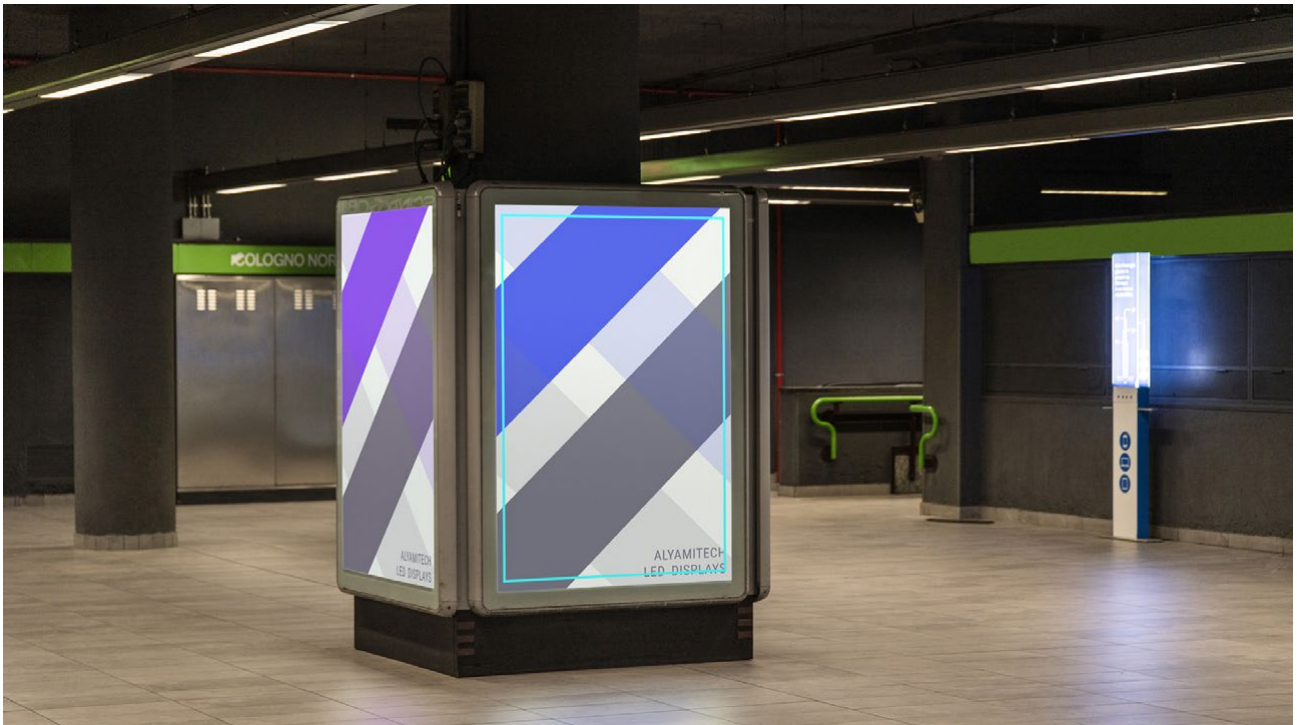

RESTAURANT MENU BOARDS

DIGITAL DISPLAYS

FLOOR STANDING DISPLAYS

Floor standing displays and interactive kiosks feature standalone digital units designed for user engagement and information dissemination. These versatile tools provide interactive experiences and self-service options, enhancing customer satisfaction and operational efficiency.

INTERACTIVE KIOSKS

SHOP SIGNS & RETAIL SIGNS

Indoor signages include shop signs, lobby reception signs, wall graphics, and pop-up signs. These versatile solutions enhance brand visibility, guide visitors, and create engaging environments using high-quality materials and innovative designs tailored for various interior spaces.

LOBBY AND RECEPTION SIGNS

Lobby and reception signs include wall-mounted logos, directory boards, and welcome displays. These elements enhance brand presence and create a professional atmosphere, providing clear information and a positive first impression for visitors.

POP-UPS & WAYFINDER SIGNAGES

Wayfinder signs encompass directional arrows, floor maps, and informational plaques. These essential tools facilitate navigation within complex environments, ensuring efficient movement and reducing confusion for visitors and staff.

WALL GRAPHICS AND MURALS

HOTEL SIGNAGES

Hotel signages include identity signs, lobby and reception signs, wayfinding signs, and door signs. These strategically designed elements enhance guest experience by providing clear navigation, reinforcing brand identity, and ensuring seamless communication throughout the hotel premises.

CUSTOM SIGNAGES

PERSONALIZED BRANDING SIGNAGES

Custom signages include bespoke designs, personalized branding elements, tailored wayfinding systems, and unique promotional displays. These solutions are crafted to meet specific client needs, enhancing brand identity and communication through innovative materials and creative design tailored to any environment.
